

They never made a cigarette like this in my day—

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.

CATARHAL DEAFNESS

is greatly relieved by constitutional treatment.

HALL'S CATARRHAL MEDICINE is a constitutional remedy.

Catarrhal Disease is an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperceptible hearing and when it is entirely closed, Deafness is the result. Unless this inflammation is reduced, your hearing may be destroyed forever.

HALL'S CATARRHAL MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.
